

You Won't Want to Miss the MML Fall Conference, October 10-12, 2018 The Westin Annapolis, MD

Every four years, MML continues the tradition of holding our annual fall conference in Annapolis to coincide with Maryland's November general election. This year's conference will be held at the Westin Annapolis, located just off West Street and convenient to downtown. While attending the fall conference, you'll have the opportunity to participate in workshops, meetings and networking events as you renew old friendships and meet new contacts. You can also be part of planning for the future of municipal government in Maryland by participating in Friday afternoon's annual business meeting when the membership will discuss and adopt the League's legislative agenda, as recommended by the MML Legislative Committee.

Conference Workshops and Special Sessions

This year, you will have the opportunity to attend at least 14 different workshops, forums, and discussion sessions, including three Academy core classes and several elective classes. The Academy core classes at this year's conference are Municipal Budgeting, Conducting Effective Meetings, and Ethics. Academy elective workshops will address a variety of issues, all of which are relevant whether you represent a large city or a small town. Other tentatively scheduled workshop topics include, Stormwater and Climate Change Mitigation, Municipal 1st Amendment Issues, Resource Sharing and Other Collaborative Solutions, and PIO Skills for Non-PIOs.

On Thursday, choose between the Large City and Small Town Forums where you can meet and discuss issues pertinent to cities and towns large and small.

If you are new to your job, you'll want to attend the Orientation for Municipal Officials Thursday, October 11 in which you'll learn more about how MML can help you as you move forward in your role.

The MML Board of Directors, District Vice Presidents/Chapter Officers and Legislative Committee will meet Wednesday, October 10. The Maryland Mayors Association will hold its meeting on Thursday, October 11. Please refer to the preliminary agenda for specific times.

Academy for Excellence in Local Governance

The Academy for Excellence in Local Governance is a voluntary certificate training program designed to help local government officials, especially newly elected officials, meet the challenges of their roles. Municipal participants are required to successfully complete nine core and five electives to earn certification from the University of Maryland.

The Academy is designed as a two-year program; however, participants may complete the requirements sooner than expected, or may use an additional third year to complete program requirements. Payment of a one-time \$250 registration fee is required to participate in the Academy. Those who are new to the Academy can register on-site at MML's conference at the Academy for Excellence in Local Governance table, where current Academy Fellows can also obtain updated transcript information.

Three core and several elective Academy topics will be included among MML's 2018 Fall Conference workshop choices. **Please note that only the Academy core topics are recurring topics with specific and required content.** The Academy extends **elective** credit to classes held at MML's summer conference, fall conference, and other training venues that meet Academy elective criteria. Topics given an Academy **elective** designation change each year and are designed for **all** conference registrants, including those who are Academy graduates. Please refer to the Preliminary Program on page 14 to see which workshops have the Academy Core designation.

The Maryland Municipal League is a founding member of the Academy. The program is administered by the University of Maryland's School of Public Policy. If you need additional information or a copy of your transcript, please contact Aisha Washington, Academy Registrar, at (301) 314-2641 or awashin1@umd.edu.

Please note that the Academy Graduate Class on Wednesday October 10 is for Academy Graduates ONLY. Attendance is limited to the first 45 registrants.
