The Mayor shall return all ordinances to the Clerk within six days after delivery to him or her (excluding the first day, including the last day, and excluding any Sunday) with his or her approval or disapproval. Any disapproved ordinance shall not become a law unless subsequently passed by a favorable vote of five-sevenths of the whole Council within thirty-five calendar days from the time of the return of the ordinance. Any authorization of payment or incurring of obligation in violation of the provisions of this Charter shall be void and any payment so made illegal; such action shall be cause for removal of any officer who knowingly authorized or made such payment or incurred such obligation, and he or she shall be liable to the City for any amount so paid. However, except where prohibited by law nothing in this Charter shall be construed to prevent the making or authorizing of payments or making of contracts for capital improvements to be financed wholly or partly by either the issuance of bonds or the issuance of construction notes, or to prevent the making of any contract or lease providing for payments beyond the end of the fiscal year provided, that such action is made or approved by ordinance.

Failure to give or receive any notice required by this Section shall not relieve any taxpayer of the responsibility to pay on the dates established by this Charter all taxes levied on his or her property.

(b) *Taxable property.* The City Manager shall ascertain that all taxable property within the City is assessed for taxation. All real property and all tangible personal property within the corporate limits of the City, or personal property which may have a situs there by reason of the residence of the owner therein, is subject to taxation for municipal purposes, and the assessment used shall be the same as that for State and County taxes. All general obligation bonds, notes, or other evidences of indebtedness shall be authorized by ordinance before being issued.

(c) *Payment of indebtedness.* The power and obligation of the City to pay any and all general obligation bonds, notes, or other evidences of indebtedness issued by it under the authority of this Charter shall be unlimited and the City shall levy ad valorem taxes upon all the taxable property of the City for the payment of such bonds, notes or other evidences of indebtedness and interest thereon, without limitation of amount. The faith and credit of the City is hereby pledged for the payment of the principal of and the interest on all general obligation bonds, notes, or other evidences of indebtedness issued under the authority of this Section, whether or not such pledge

be stated in the bonds, notes, or other evidences of indebtedness, or in the ordinance authorizing their issuance.

Prior to issuance of revenue bonds, the Council shall enact an ordinance stating the public purpose for which the proceeds of the revenue bonds are to be expended.

(b) *Payment of indebtedness.* Revenue bonds shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds derived from the project or projects for which they were issued. Notwithstanding the authority granted to the Mayor and Council by Section 812 of this Charter, the faith and credit of the City may not be pledged for the payment of revenue bonds.

Section 815. Short term loans.

(a) *Authority.* The City shall have the power to borrow from time to time upon the credit of said corporation such sum or sums as may be necessary for carrying out of municipal purposes, but the aggregate amount of such sums borrowed under the authority of this Section shall at no time exceed one hundred twenty-five thousand dollars (\$125,000.00). Any short term note or certificate of indebtedness executed pursuant to this Subsection shall be authorized by ordinance before being used.

Section 816. Construction loans.

(a) *Authority.* The City shall have the power to borrow money for capital improvements and to evidence such borrowing by the issuance of one or more notes, and to secure the payment of such note or notes by the giving of a mortgage (or mortgages) on the property as improved.

(b) *Repayment.* In the case of money so borrowed, the note or notes so issued, and any mortgage given to secure payment of the same shall be signed by the Mayor and the seal of the municipal corporation thereto affixed and the sum or sums so borrowed and interest thereon shall be repaid from time to time as funds shall become available for the purpose from the funds of the City. The term of such notes shall not exceed twenty years.

The municipality is hereby granted the following additional powers which are hereby found and declared to be necessary and proper to carry into full force and effect the specific powers hereinbefore granted and to fully accomplish the purposes and objects contemplated by the provisions of this section:

(1) to make or have made all surveys and plans necessary to the carrying out of the purposes of this appendix and to adopt or approve, modify and amend such plans, which plans may include but shall not be limited to: (i) plans for carrying out a program of voluntary or compulsory repair and rehabilitation of buildings and improvements, (ii) plans for the enforcement of codes and regulations relating to the use of land and the use and occupancy of buildings and improvements and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements; and (iii) appraisals, title searches, surveys, studies, and other plans and work necessary to prepare for the undertaking of urban renewal projects and related activities; and to apply for, accept and utilize grants of funds from the Federal Government for such purposes;

(5) to make and execute all contracts and other instruments necessary or convenient to the exercise of its powers under this appendix, including the power to enter into agreement with any other public bodies or agencies (which agreements may extend over any period, notwithstanding any provisions or rule of law to the contrary), and to include in any contract for financial assistance with the Federal Government for or with respect to an urban renewal project and related activities such conditions imposed pursuant to Federal laws as the municipality may deem reasonable and appropriate;

(6) to enter into any building or property in any urban renewal area in order to make inspections, surveys, appraisals, soundings or test borings, and to obtain an order for this

(9) to exercise all or any part or combination of powers herein granted.

Section A1–103. Establishment of Urban Renewal Agency.

The municipality may itself exercise all the powers granted by this appendix or may, if its legislative body by ordinance determines such action to be in the public interest, elect to have such powers exercised by a separate public body or agency as hereinafter provided. In the event said legislative body makes such determination, it shall proceed by ordinance to establish a public body or agency to undertake in the municipality the activities authorized by this appendix. Such ordinance shall include provisions establishing the number of members of such public body or agency, the manner of their appointment and removal, the terms of said members and their compensation. The ordinance may include such additional provisions relating to the organization of said public body or agency as may be necessary. In the event the legislative body enacts such an ordinance, all of the powers by this appendix granted to the municipality shall, from the effective date of said ordinance, be vested in the public body or agency thereby established, except:

(1) The power to pass a resolution to initiate an urban renewal project pursuant to Section A1–104 of this appendix.

(2) The power to issue general obligation bonds pursuant to Section A1–109 of this appendix.

(3) The power to appropriate funds, and to levy taxes and assessments pursuant to Section A1–102(3) of this appendix.

Section A1–104. Initiation of Project.

In order to initiate an urban renewal project, legislative body of the municipality shall adopt a resolution which

(1) finds that one or more slum or blighted areas exist in such municipality;

(2) locates and defines the said slum or blighted areas; and

(3) finds that the rehabilitation, redevelopment, or a combination thereof, of such area or areas, is necessary in the interest of the public health, safety, morals or welfare of the residents of such municipality.

Section A1-105. Preparation and Approval of Plan for Urban Renewal Project.

(a) The municipality, in order to carry out the purposes of this appendix, shall prepare or cause to be prepared an urban renewal plan for slum or blighted areas in the municipality, and shall formally approve such plan. Prior to its approval of an urban renewal project, the municipality shall submit such plan to the planning body of the municipality, for review and recommendations as to its conformity with the master plan for the development of the municipality as a whole. The planning body shall submit its written recommendation with respect to the proposed urban renewal plan to the municipality within sixty days after receipt of the plan for review; upon receipt of the recommendations of the planning body or, if no recommendations are received within said sixty days, then without such recommendations, the municipality may proceed with a public hearing on the proposed urban renewal project. The municipality shall hold a public hearing on an urban renewal project after public notice thereof by publication in a newspaper having a general circulation within the corporate limits of the municipality. The notice shall describe the time, date, place and purpose of the hearing, shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the urban renewal project under consideration. Following such hearing, the municipality may approve an urban renewal project and the plan therefor if it finds that: (1) a feasible method exists for the location of any families who will be displaced from the urban renewal area in decent, safe and sanitary dwelling accommodations within their means and without undue hardship to such families; (2) the urban renewal plan substantially conforms to the master plan of the municipality as a whole; and (3) the urban renewal plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise.

(b) An urban renewal plan may be modified at any time, provided that if modified after the lease or sale of real property in the urban renewal project area, the modification may be conditioned upon such approval of the owner, lessee or successor in interest as the municipality may deem advisable and in any event shall be subject to such rights at law or in equity as a lessee or purchaser, or his successor or successors in interest, may be entitled to assert. Where the proposed modification will substantially change the urban renewal plan as previously approved by the municipality, the modification shall be formally approved by the municipality, as in the case of an original plan.

(c) Upon the approval by the municipality of an urban renewal plan or of any modification thereof, such plan or modification shall be deemed to be in full force and effect for the respective urban renewal area and the municipality may then cause such plan or modification to be carried out in accordance with its terms.

Section A1-106. Disposal of Property in Urban Renewal Area.

(a) The municipality may sell, lease or otherwise transfer real property or any interest therein acquired for it by an urban renewal project, for residential, recreational, commercial, industrial, educational or other uses or for public use, or may retain such property or interest for public use, in accordance with the urban renewal plan, subject to such covenants, conditions and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of future slums or blighted area or to otherwise carry out the purposes of this appendix. The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban renewal plan, and may be obligated to comply with such other requirements as the municipality may determine to be in the public interest, including the obligation to begin within a reasonable time any improvements on such real property required by the urban renewal plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, the municipality shall take into account and give consideration to the uses provided in such plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the municipality retaining the property; and the objectives of such plan for the prevention of the recurrence of slum or blighted areas. The municipality in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease or otherwise transfer the real property without the prior written consent of the municipality until he has completed the construction of any or all improvements which he has obligated himself to construct thereon. Real property acquired by the municipality which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban renewal plan. Any contract for such transfer and the urban renewal plan (or such part or parts of such contract or plan as the municipality may determine) may be recorded in the Land Records of the county in which the municipality is situated in such manner as to afford actual or constructive notice thereof.

(b) The municipality may dispose of real property in an urban renewal area to private persons only under such reasonable competitive bidding procedures as it shall prescribe or as hereinafter provided in this subsection. The municipality may, by public notice by publication in a newspaper having a general circulation in the community (not less than sixty days prior to the execution of any contract to sell, lease or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section) invite proposals from and make available all pertinent information to private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or any part thereof. Such notice shall identify the area, or portion thereof, and shall state that proposals shall be made by those interested within a specified period of not less than sixty days after the first date of publication of said notice, and that such further information as is available may be obtained at such office as shall be designated in said notice. The municipality shall consider all such redevelopment or rehabilitation proposals and the financial and legal ability of the persons making such proposals to carry them out, and may negotiate with any persons for proposals for the purchase, lease or other transfer of any real property acquired by the municipality in the urban renewal area. The municipality may accept such proposal as it deems to be in the public interest and in furtherance of the purposes of this appendix. Thereafter, the municipality may execute and deliver contracts, deeds, leases and other instruments and take all steps necessary to effectuate such transfers.

(c) The municipality may temporarily operate and maintain real property acquired by it in an urban renewal area for or in connection with an urban renewal project pending the disposition of the property as authorized in this appendix, without regard to the provisions of subsection (a) above, for such uses and purposes as may be deemed desirable even though not in conformity with the urban renewal plan.

(d) Any instrument executed by the municipality and purporting to convey any right, title or interest in any property under this appendix shall be conclusively presumed to have been executed in compliance with the provisions of this appendix insofar as title or other interest of any bona fide purchaser, lessees or transferees of such property is concerned.

(e) In the event that urban renewal plans involve removal of residential housing, provision and plans must be made for their replacement with adequate facilities for the residents so displaced.

Section A1-107. Eminent Domain.

Condemnation of land or property under the provisions of this appendix shall be in accordance with the procedure provided in the Real Property Article of the Annotated Code of Maryland.

Section A1-108. Encouragement of Private Enterprise.

The municipality, to the greatest extent it determines to be feasible in carrying out the provisions of this appendix, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the rehabilitation or redevelopment of any urban renewal area by private enterprise. The municipality shall give consideration to this objective in exercising its powers under this appendix.

Section A1-109. General Obligation Bonds.

For the purpose of financing and carrying out of an urban renewal project and related activities, the municipality may issue and sell its general obligation bonds. Any bonds issued by the municipality pursuant to this section shall be issued in the manner and within the limitations prescribed by applicable law for the issuance and authorizations of general obligation bonds by such municipality, and also within such limitations as shall be determined by said municipality.

Section A1-110. Revenue Bonds.

(a) In addition to the authority conferred by Section A1-109 of this appendix, the municipality shall have the power to issue revenue bonds to finance the undertaking of any urban renewal project and related activities, and shall also have power to issue refunding bonds for the payment or retirement of such bonds previously issued by it. Such bonds shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with its undertaking and carrying out of urban

renewal projects under this appendix; provided, however, that payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant or contribution from the Federal Government or other source, in aid of any urban renewal projects of the municipality under this appendix, and by a mortgage of any such urban renewal projects, or any part thereof, title to which is in the municipality. In addition, the municipality may enter into an Indenture of Trust with any private banking institution of this State having trust powers and may make in such indenture of trust such covenants and commitments as may be required by any purchaser for the adequate security of said bonds.

(b) Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, shall not be subject to the provisions of any other law or charter relating to the authorization, issuance or sale of bonds, and are hereby specifically exempted from the restrictions contained in Sections 9, 10 and 11 of Article 31 of the Annotated Code of Maryland (1957 Edition, as amended). Bonds issued under the provisions of this Article are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempted from all taxes.

(c) Bonds issued under this section shall be authorized by resolution or ordinance of the legislative body of the municipality and may be issued in one or more series and shall bear such date or dates, shall mature at such time or times, bear interest at such rate or rates, not exceeding six per centum per annum, be in such denomination or denominations, be in such form either with or without coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium or payment, at such place or places, and be subject to such terms of redemption (with or without premium), be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

(d) Such bonds may be sold at not less than par at public sales held after notice published prior to such sale in a newspaper having a general circulation in the area in which the municipality is located and in such other medium of publication as the municipality may determine or may be exchanged for other bonds on the basis of par; provided, that such bonds may be sold to the Federal Government at private sale at not less than par, and, in the event less than all of the authorized principal amount of such bonds is sold to the Federal Government, the balance may be sold at private sale at not less than par at an interest cost to the municipality of not to exceed the interest cost to the municipality of the portion of the bonds sold to the Federal Government.

(e) In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this appendix shall cease to be such officials before the delivery of such bond or, in the event any such officials shall have become such after the date of issue thereof, said bonds shall nevertheless be valid and binding obligations of said municipality in accordance with their terms. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this appendix shall be fully negotiable.

(f) In any suit, action or proceeding involving the validity or enforceability of any bond issued under this appendix or the security therefor, any such bond reciting in substance that it has

been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the provisions of this appendix.

(g) All banks, trust companies, bankers, savings banks and institutions, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking or investment business; all insurance companies, insurance associations, and other persons carrying on an insurance business; and all executors, administrators, curators, trustees, and other fiduciaries, may legally invest any sinking funds, monies, or other funds belonging to them or within their control in any bonds or other obligations issued by the municipality pursuant to this appendix, provided that such bonds and other obligations shall be secured by an agreement between the issuer and the Federal Government in which the issuer agrees to borrow from the Federal Government and the Federal Government agrees to lend to the issuer, prior to the maturity of such bonds or other obligations, monies in an amount which (together with any other monies irrevocably committed to the payment of principal and interest on such bonds or other obligations) will suffice to pay the principal of such bonds or other obligations with interest to maturity thereon, which monies under the terms of said agreement are required to be used for the purpose of paying the principal of and the interest on such bonds or other obligations at their maturity. Such bonds and other obligations shall be authorized security for all public deposits. It is the purpose of this section to authorize any persons, political subdivisions and officers, public or private, to use any funds owned or controlled by them for the purchase of any such bonds or other obligations. Nothing contained in this section with regard to legal investments shall be construed as relieving any person of any duty of exercising reasonable care in selecting securities.

Section A1-111. Separability.

If any provision of this appendix, or the application thereof to any person or circumstances, is held invalid, the remainder of the appendix and the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby. The powers conferred by this appendix shall be in addition and supplemental to the powers conferred by any other law.

Section A1-112. Review and Approval.

All plans, whether preliminary or final, prepared or presented under the provisions of this appendix by the municipality known as Glenarden shall not conflict with, and must conform to the master plan for Prince George's County. This provision shall be construed to mean that all urban renewal plans effecting a change in zoning shall be reviewed by the Maryland-National Capital Park and Planning Commission, and any zoning amendments pursuant to this urban renewal program must be approved by the District Council.

Section A1-113. Short Title.

This appendix shall be known and may be cited as the Glenarden Urban Renewal Authority for Slum Clearance Act.
