Where the proposed modification will substantially change the urban renewal plan as previously approved by the municipality, the modification shall be formally approved by the municipality as in the case of an original plan.

(c) Upon the approval by the municipality of an urban renewal plan or of any modification thereof, such plan or modification shall be deemed to be in full force and effect for the respective urban renewal area and the municipality may then cause such plan or modification to be carried out in accordance with its terms.

Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, the municipality shall take into account and give consideration to the uses provided in such plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the municipality retaining the property; and the objectives of such plan for the prevention of the recurrence of slum or blighted areas. The municipality in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease or otherwise transfer the real property without the prior written consent of the municipality until he has completed the construction of any or all improvements which he has obligated himself to construct thereon. Real property acquired by the municipality which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest consistent with the carrying out of the provisions of the urban renewal plan. (b) The municipality may dispose of real property in an urban renewal area to private persons only under such reasonable competitive bidding procedures as it shall prescribe or as hereinafter provided in this appendix. The municipality may, by public notice by publication in a newspaper having a general circulation in the community (not less than sixty days prior to the execution of any contract to sell, lease or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section) invite proposals from and make available all pertinent information to private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or any part thereof. Such notice shall identify the area, or portion thereof, and shall state that proposals shall be made by those interested within a specified period of not less than sixty days after the first day of publication of said notice, and that such further information as is available may be obtained at such office as shall be designated in said notice. The municipality shall consider all such redevelopment or rehabilitation proposals and the financial and legal ability of the persons making such proposals to carry them out, and may negotiate with any persons for proposals for the purchase, lease or other transfer of any real property acquired by the municipality in the urban renewal area. The municipality may accept such proposal as it deems to be in the public interest and in furtherance of the purposes of this appendix. (d) Any instrument executed by the municipality and purporting to convey any right, title or interest in any property under this appendix shall be conclusively presumed to have been executed in compliance with the provisions of this appendix insofar as title or other interest of any bona fide purchaser, lessees or transferees of such property is concerned.

Such bonds shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with its undertaking and carrying out of urban renewal projects under this appendix; provided, however, that payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant or contribution from the Federal Government or other source, in aid of any urban renewal projects of the municipality under this appendix, and by a mortgage of any such urban renewal projects, or any part thereof,

title to which is in the municipality. In addition, the municipality may enter into an Indenture of Trust with any private banking institution of this State having trust powers and may make in such indenture of trust such covenants and commitments as may be required by any purchaser for the adequate security of said bonds.

(b) Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, shall not be subject to the provisions of any other law or charter relating to the authorization, issuance or sale of bonds, and are hereby specifically exempted from the restrictions contained in Sections 9, 10 and 11 of Article 31 of the Annotated Code of Maryland (1957 Edition, as amended) [Title 19, Subtitle 2 of the Local Government Article]. Bonds issued under the provisions of this Article are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempted from all taxes.

## NOTES

(1) Resolution No. 249, effective 4–26–05, purported to amend Section 80, subsection D. (5) of the Charter of the City of Havre de Grace. The correct reference seems to be to .4 of Section 80.

(2) Pursuant to Article III, Section 61 of the Maryland Constitution, the General Assembly of Maryland granted urban renewal powers for slum clearance to the City of Havre de Grace in Chapter 71 of the Acts of the General Assembly of 1963.

Starting with the 1997 Supplement to the *Public Local Laws of Maryland – Compilation of Municipal Charters*, the urban renewal powers for slum clearance for the City of Havre de Grace appear as this appendix in accordance with 80 *Opinions of the Attorney General* \_\_\_\_\_ (1995) [Opinion No. 95–037 (September 21, 1995)] and Sections 10 and 11 of Chapter 14 of the Acts of the General Assembly of 1997.

(3) Resolution No. 276, effective 11–05–2013, added two new sections to be numbered Section 83 and Section 84, respectively, and renumbered existing Section 83 to be Section 85. The resolution, however, failed to renumber existing Sections 84 and 85. For consistency, the existing Sections 84 and 85 have been redesignated to be Sections 86 and 87, respectively.
