The regular term of councilmen shall expire on the second Monday following the election of their successors. Each ordinance shall be published by posting copies of the same for ten days at two public places in the town to be determined by the council enacting the same. Section 23–16. Same—Referendum.

If, before the expiration of twenty calendar days following approval of any ordinance by the mayor or passage of any ordinance over the mayor’s veto, a petition is filed with the clerk–treasurer containing the signatures of not less than twenty per centum of the qualified voters of the town and requesting that the ordinance, or any part thereof, be submitted to a vote of the qualified voters of the town for their approval or disapproval, the council shall have the ordinance, or the part thereof requested for referendum, submitted to a vote of the qualified voters of the town at the next regular town election or, in the council’s discretion, at a special election occurring before the next regular election. No ordinance, or the part thereof requested for referendum, shall become effective following the receipt of such petition until and unless approved at the election by a majority of the qualified voters voting on the question. An emergency ordinance, or the part thereof requested for referendum, shall continue in effect for sixty days following receipt of such petition. If the question of approval or disapproval of any emergency ordinance, or any part thereof, has not been submitted to the qualified voters within sixty days following receipt of the petition, then the operation of the ordinance, or the part thereof requested for referendum, shall be suspended until approved by a majority of the qualified voters voting on the question at any election. In order to prevent any leakage or waste of water or other improper use of the town's water system or sewage disposal system, the town may require such changes in plumbing, fixtures or connections as it deems necessary to prevent such waste or improper use. (9-28-59, § 84.)

Section 23–90. Charges.

The town shall have the power to charge and collect such service rates, water rents, ready-to-serve charges or other charges as it deems necessary for water supplied and for the removal of sewage. These charges are to be billed and collected by the clerk-treasurer, and if bills are unpaid within thirty days, the service may be discontinued. All charges shall be a lien on the property, collectible in the same manner as town taxes or by suit at law. (9–28–59, § 90.)

### Section 23–92. Power of town to levy.

The town shall have the power to levy and collect taxes in the form of special assessments upon property in a limited and determinable area for special benefits conferred upon such property by the installation or construction, of water mains, sanitary sewer main, storm water sewers, curbs and gutters and by the construction and paving of public ways and sidewalks or parts thereof, and to provide for the payment of all or any part of the above projects out of the proceeds of such special assessment. The cost of any project to be paid in whole or in part by special assessments may include the direct cost thereof, the cost of any land acquired for the project, the interest on bonds, notes or other evidences of indebtedness issued in anticipation of the collection of special assessments, a reasonable charge for the services of the administrative staff of the town and any other item of cost which may reasonably be attributed to the project. (9–28–59, § 92.)

### Section 23–93. Procedure.

(a) The procedure for special assessments, wherever authorized in this Charter, shall be as follows:

(b) The cost of the project being charged for shall be assessed according to the front foot rule of apportionment or some other equitable basis determined by the council.

(c) The amount assessed against any property for any project or improvement shall not exceed the value of the benefits accruing to the property therefrom, nor shall any special assessment be levied which shall cause the total amount of special assessments levied by the town and outstanding against any property at any time, exclusive of delinquent installments, to exceed twenty–five per centum of the assessed value of the property after giving effect to the benefit accruing thereto from the project or improvement for which assessed.

(d) When desirable, the affected property may be divided into different classes to be charged different rates, but except, for this, any rate shall be uniform.

(e) All special assessment charges shall be levied by the council by ordinance. Before levying any special assessment charges, the council shall hold a public hearing. The clerk–treasurer shall cause notice to be given stating the nature and extent of the proposed project, the kind of materials to be used, the estimated cost of the project, the portion of the cost to be assessed, the number of installments in which the assessment may be paid, the method to be used in apportioning the cost and the limits of the proposed area of assessment. The notice shall also state the time and place at which all persons interested, or their agents or attorneys, may appear before the council and be heard concerning the proposed project and special assessment. Such notice shall be given by sending a copy thereof by mail to the owner of record of each parcel of property proposed to be assessed and to the person in whose name the property is assessed for taxation and by publication of a copy of the notice at least once in a newspaper of general

circulation in the town. The clerk–treasurer shall present at the hearing a certificate of publication and mailing of copies of the notice, which certificate shall be deemed proof of notice, but failure of any owner to receive the mailed copy shall not invalidate the proceedings. The date of hearing shall be set at least ten and not more than thirty days after the clerk–treasurer shall have completed publication and service of notice as provided in this section. Following the hearing the council, in its discretion, may vote to proceed with the project and may levy the special assessment.

(f) Any interested person feeling aggrieved by the levying of any special assessment under the provisions of this section shall have the right to appeal to the circuit court for the county within ten days after the levying of any assessment by the council.

(g) Special assessments may be made payable in annual or more frequent installments over such period of time, not to exceed ten years, and in such manner as the council may determine. The council shall determine on what date installments shall be due and payable. Interest may be charged on installments at the rate to be determined by the council.

(h) All special assessment installments shall be overdue six months after the date on which they became due and payable. All special assessments shall be liens on the property and all overdue special assessments shall be collected in the same manner as town taxes or by suit at law.

(i) All special assessments shall be billed and collected by the clerk–treasurer. (9–28–59, § 93.)
